imageRUNNER ADVANCE C3500 III series

SECURITY

- 3rd Edition updates include Certificate auto enrollment and SIEM system integration to help keep your network safe
- Combination of Verify system at start up and McAfee Embedded Control Software ensures device functionality is never compromised from the tampering of firmware and applications, all in real-time.
- Choose from device-based or cloud-based authentication without the need for an additional server with uniFLOW Online Express
- Ability to disable functions by user to prevent unauthorised usage
- Secure Print enhances document confidentiality
- Ensure information privacy and security across your network with IPsec, port filtering capabilities, and SSL technology

USER EXPERIENCE

- Enhanced Home UI features include remembering previous user profile settings and preferences to create a unique personal experience and meet individual workflow needs
- The compact format features a 10.1inch touch panel that lets users flick, pinch and drag-and-drop for a faster, more intuitive experience
- Motion sensor technology wakes device from sleep mode
- Convenient Staple-on-demand functionality
- Automatically removes blank pages when scanning
- Scan and convert documents to searchable PDF, Microsoft®

Word, and Microsoft® PowerPoint
- Effortless capturing of paper-based documents with rapid single pass scanning (DADF) and smart media handling capabilities such as multi-sheet feed detection, help speed up the process of digitising documents
- Support for industry standards such as Apple Airprint® and Mopria®
- Quiet finishing provides less interruptions to workers, keeping employees productive

MOBILE CONNECTIVITY

- The Canon PRINT Business app can be used to easily change, print and select devices remotely
- Bluetooth Low Energy (BLE) support is now available as an option, allowing devices to communicate while using very little power
- Optional near field communications (NFC) support
- Supports Mopria/Google Cloud Print

COMPACT DESIGN

- The user-centric format is designed to solve both cost and space limitations
- Compact finisher and optional puncher are stored inside to save space

CLOUD CONNECTIVITY

- uniFLOW Online Express provides secure cloud-based authentication to protect your network devices
- Installation is quicker and easier, because information can now be applied from the cloud to the device
- The MDS Cloud dashboard service provides administrators with an organised display of collected operational data

---

imageRUNNER ADVANCE GEN 3 3rd Edition is a range of intuitive multifunction printers that streamline workflow efficiencies, whilst providing maximum security for your business. The Unified Firmware Platform (UFP) ensures that the latest feature upgrades and protection are available, for an enhanced user experience across the entire portfolio.
