Ink Cartridge Recycling

Thank you for choosing the Canon Europe Ink cartridge recycling service.

Please cut along the line below the attached label and apply to the packaging. Insert your used/empty Canon Ink cartridges, seal and put them in the post box.

Where possible, please use any existing packaging to return your cartridges. Please ensure the inks are sealed to minimise the change of leakage.

Packages should not exceed 250 grams in weight and maximum dimensions of 380mm x 300mm x 50mm.

We recommend that you put at least 5 empty cartridges in one package. This will increase efficiency while reducing CO2 emissions.
