THREE PROJECTORS WITH QUALITY AND PERFORMANCE AT THEIR CORE

Canon's range of bright and portable LV projectors offer WUXGA, WXGA and XGA quality using LCD panel technology and long-lasting lamps for maximum efficiency and low-cost performance.

- Compact, lightweight design making it easy to be carried
- LCD technology for excellent 10-bit colour reproduction
- High brightness and high contrast providing bright, vivid images
- Up to 20,000 hours lamp life lowers total cost of ownership and limits maintenance time
- Immediate power off so can be moved or stored away quickly
- Low running noise of 30 dB in eco mode for distraction-free use
- Multiple connectivity options including HDMI, USB viewer function, RS232-C and LAN
- Corner keystone correction plus pincushion / barrel distortion correction*, ensures geometry stays accurate
- 10W speaker for incorporating audio into the room
- 3-year warranty gives peace of mind**

*Pincushion / barrel distortion correction on WXGA / XGA models
**T&C's apply, varies by territory.
