MARKING THREE DECADES OF RESEARCH GRANTS BETWEEN EAST AND WEST

2017 marks 30 years of the Canon Foundation's commitment to granting Fellowships.

During this time, the Foundation has assessed, awarded and monitored nearly 380 Canon Fellows in 27 countries totaling over 8 million Euros in awards.

The Canon Foundation was borne out of Canon Europe N.V.'s desire to set their mark in Europe by commemorating 30 years of Canon in Europe back in 1987. At the core of the Foundation's approach was Canon's philosophy 'kyosei' – dedicated to seeing all people, regardless of culture, customs, language or race, harmoniously living and working together in happiness into the future.

From the beginning, the Canon Foundation has embraced the broadest definition of art, science and humanities. To see the range of research we have supported over the years, visit the Fellow register on our website at <http://www.canonfoundation.org/fellows/fellow-register>

Furthermore we offer our admiration for the Canon Foundation Fellows whose work we have had the privilege of learning from and gratitude to all past and present Executive Committee and Board members for their valuable time steering the Foundation to what it is today.

HEINRICH PFEIFFER IN MEMORIAM

A prominent member who helped shape the Canon Foundation into what it is today, Dr. Drs. Hc. Mult. Heinrich Pfeiffer passed away in December 2016 after a long and fulfilled life. He was an Executive (Advisory) Board member from 1988-2008 and the first Chairman of the Executive Committee. He was also long time Secretary General at the Alexander von Humboldt Foundation.

Mr. Pfeiffer will not only be remembered for his outstanding contribution to the Canon Foundation but also for his warmth and human interest in his interactions with the Fellows over the years. We are indebted to the immense contribution he made.

Canon

ABOUT US

Founded in 1987 to enhance cultural and scientific understanding between Japan and Europe, **we offer grants for research in all fields.**

Candidates should have obtained **at least their Master's degree** within the last ten years. Exceptional candidates who attained their degree more than ten years prior to application will also be considered. Non-nationals should have permanent citizenship in either Europe or Japan.

Fellowships are awarded for a minimum of three months to maximum one year.

[Please click here to register online for our application form](#)

15 September is the deadline for receiving applications for Fellowships starting from 1 January the following year.

OUR LIBRARY

To date, our library holds 435 publications: 361 articles and 74 books received by Fellows. These publications contain an acknowledgement to the Canon Foundation for research done during their Fellowship period.

All catalogued publications can be found easily on our website via our online Fellow Register.

OTHER NEWS

The Fundación Juan March recently uploaded to the web a new digital collection in the personal library of Fernando Zóbel de Ayala, a Spanish Abstract painter with an interesting section devoted to Eastern printed books, specially Chinese and Japanese books.
