

NACHHALTIGKEIT X imageFORCE

imageFORCE Multifunktionsdrucker setzen Maßstäbe in der Energieeffizienz, senken den Kohlenstoffausstoß – und die Betriebskosten.

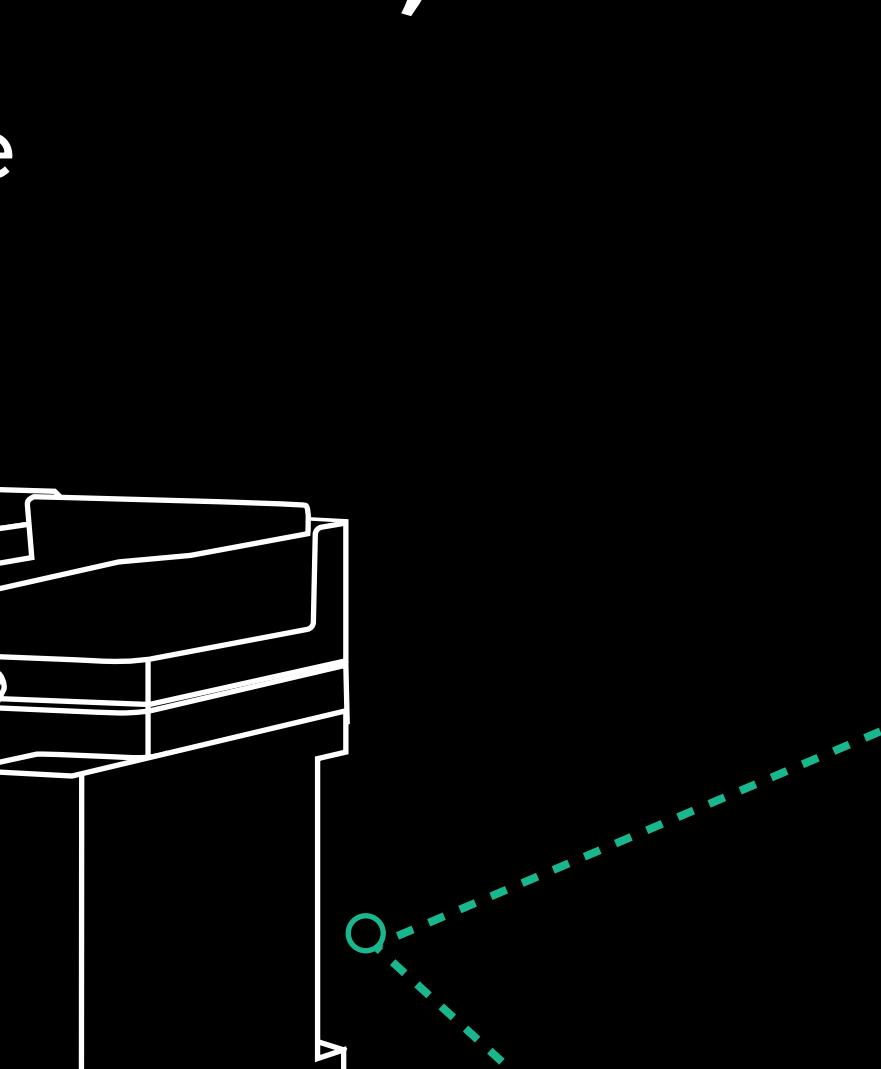

Produktlebenszyklus. Die imageFORCE Drucker sind führend in puncto effiziente Energienutzung und verfügen über Funktionen, mit denen sich die Umweltauswirkungen nachverfolgen lassen. So können Sie Ihren Stromverbrauch reduzieren.

The image features two views of a white Canon large-format printer or copier. The left view shows the front of the machine, highlighting its touchscreen control panel and paper input tray. The right view shows the side and rear, including a large output tray at the top. Both views are set against a dark, curved background that creates a sense of depth and motion.

haben Sie die Gewissheit, dass
z neuer Ressourcen minimiert

A 3D rendering of a white, stepped surface against a black background. A teal dashed line starts at the top left and descends diagonally towards the center. A small gray rectangular object is visible on the left edge.

A solid black rectangle occupies most of the frame. A thin, horizontal teal line runs along the bottom edge of the frame.

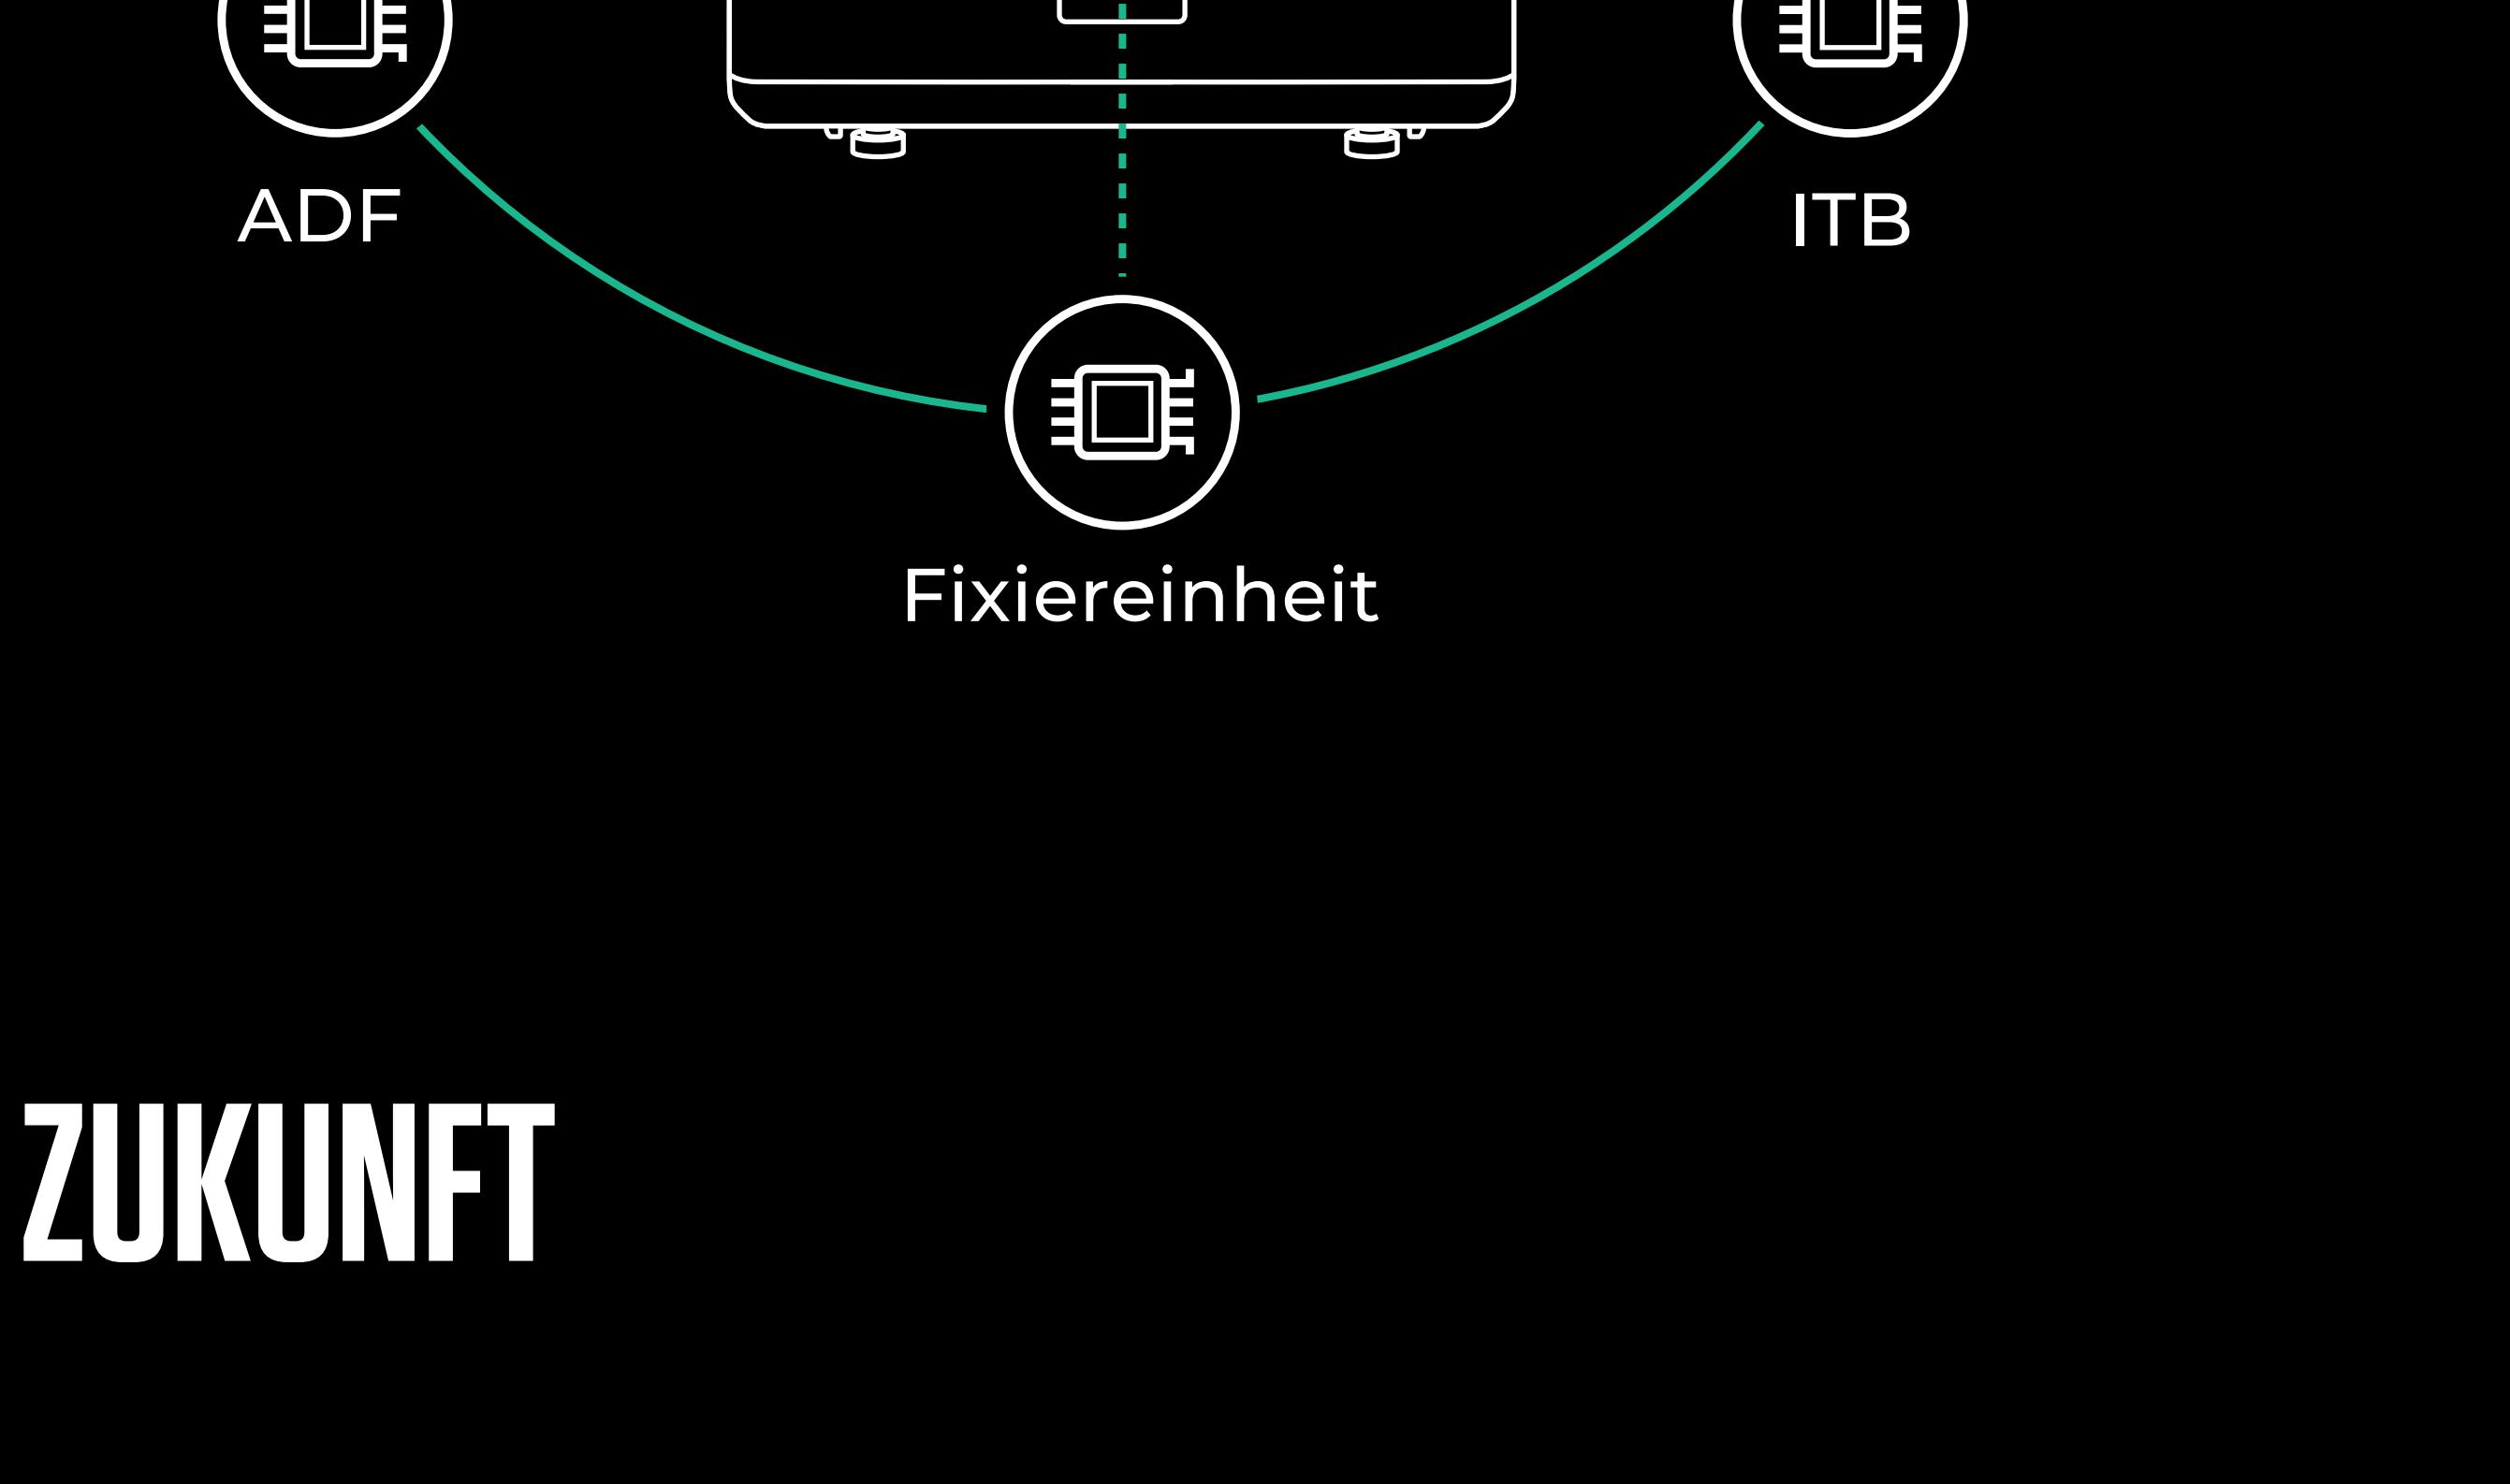

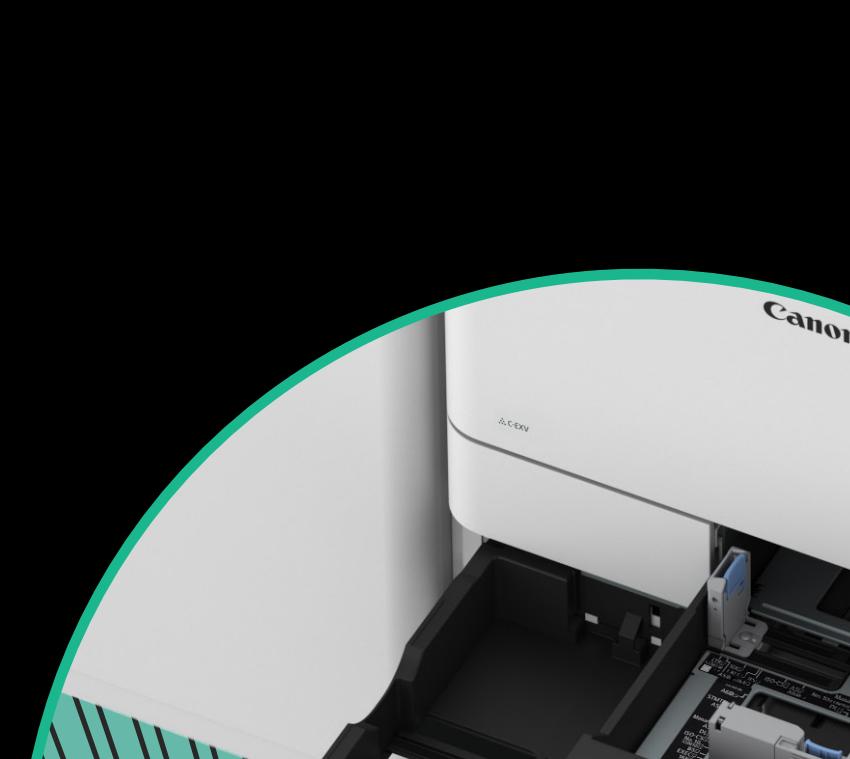

The image is a wide horizontal collage. On the far left, there's a close-up view of a printer's internal mechanism, specifically the paper feed area where paper is being processed. The middle section features a teal-colored rectangular banner with the text "RECYCLEBARE KARTONVERPACKUNG" written in large, bold, white capital letters. This banner is set against a black background with a white vertical line running through it. On the far right, another close-up view shows a printer's control panel with various icons: "Copy", "Fax", "Print", "Easy Scan and Send", and "Status Monitor". There are also small arrows pointing left and right, likely for navigating through menu options. The overall composition links the physical act of printing with environmental recycling practices.

The image has a solid black background. In the upper left quadrant, there is a large, smooth, teal-colored curve that slopes downwards from left to right. The lower right portion of the image contains a white line-art illustration of a modern architectural structure. This structure features a tall, rectangular tower with horizontal stripes and a smaller, lower section extending to the right. A thin vertical line extends upwards from the top of the main tower. The overall composition is minimalist and abstract.

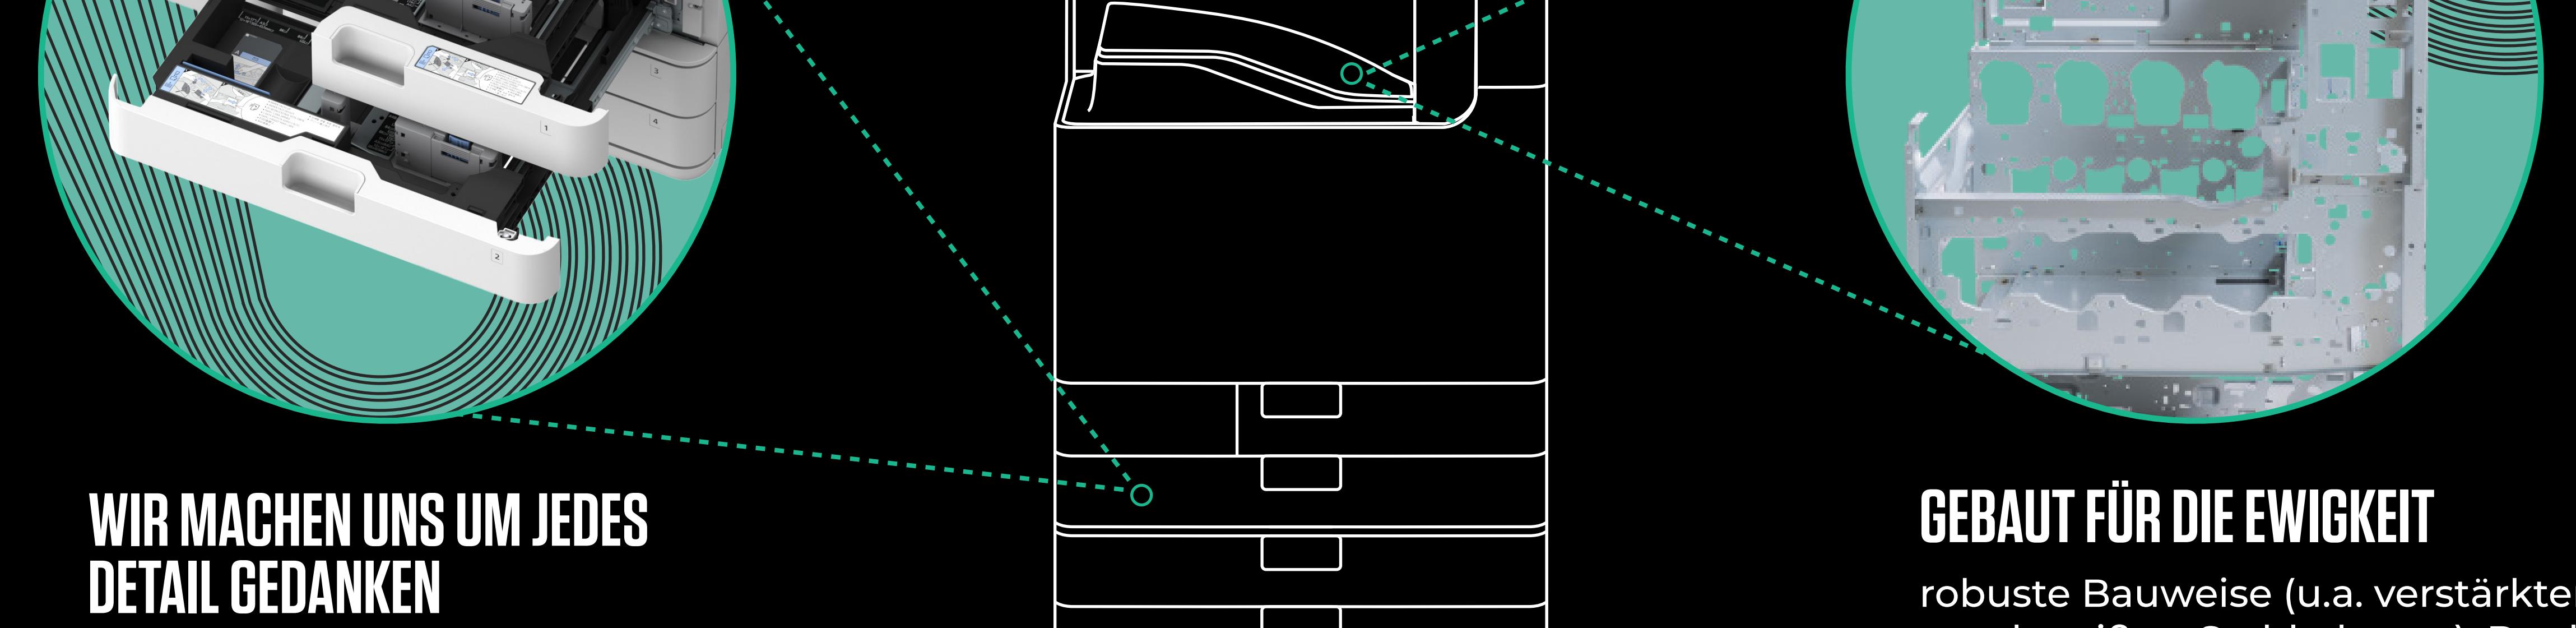

The image consists of a solid black rectangular background. In the upper-left quadrant, there is a large white circle. Inside this circle, on the left side, is a vertical teal bar. In the lower-right quadrant, there is a smaller white circle containing a black, stylized logo consisting of three horizontal bars of decreasing height from left to right.

ZWEITES LEBEN NACHHALTIG

A close-up, low-angle shot of the Canon PowerShot G7 X camera. The camera is white with a black lens. The word "Canon" is printed in black on the upper left side of the body. The lens has "f3.5-6.3 28mm" and "DC EX V" printed on it. The background is dark.
