

A woman with dark, curly hair is shown in profile, smiling and talking on a black smartphone. She is wearing a dark blue blazer and has a ring on her finger and a bracelet on her wrist. She is sitting at a desk with a laptop and a blue cup. The background is blurred, suggesting an office or outdoor setting. A red diagonal shape is on the left side of the image.

CLOUD CONNECTOR

A simple solution for
powerful cloud connectivity

Canon

Cloud Connector

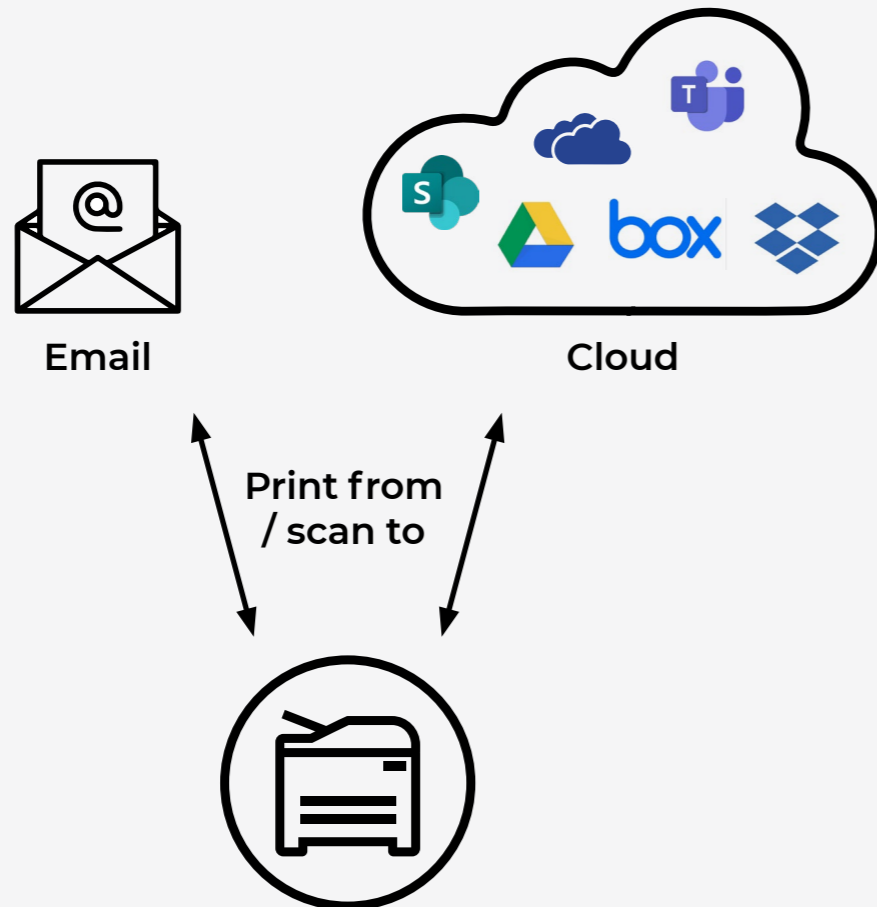

MEET CLOUD CONNECTOR:

Meet Cloud Connector: A simple solution that helps you connect your Canon imageRUNNER ADVANCE DX or imagePRESS C270 series to email and cloud services, for seamless printing and scanning.

Ideal for organisations in any sector with one or just a few Canon multifunction devices, Cloud Connector's apps allow users to efficiently access files and folders from their MFP, supporting better collaboration and productivity wherever your teams are working.

HOW CLOUD CONNECTOR WORKS

Print from and scan to your chosen cloud storage location, or scan to email if desired.

COMMON CHALLENGES – AND YOUR BENEFITS WITH CLOUD CONNECTOR

CHALLENGE:

BENEFITS WITH CLOUD CONNECTOR:

PRODUCTIVITY

Current user print and scan behaviour might not take full advantage of your existing available solutions.

INCREASED PRODUCTIVITY

- Quicker print and scan workflows using the full capability of your Canon multifunction device
- Access email and cloud storage directly from your MFP

COLLABORATION

Increased need to support remote working and business continuity for hybrid working environments.

BETTER TEAMWORK

- Drive collaboration by scanning and accessing documents from shared folders

IT RESOURCE

Not all businesses have the internal technical capacity to install and maintain print management software.

LOWER IT BURDEN

- Devices come with software preconfigured, with no need for a printer driver
- Minimal set up and management – no IT admin needed
- Easy user self-registration and seamless integration with familiar applications such as email, Google Drive* and OneDrive for Business

INFORMATION SECURITY

Maintaining the security and compliance of devices, documents and data working environments.

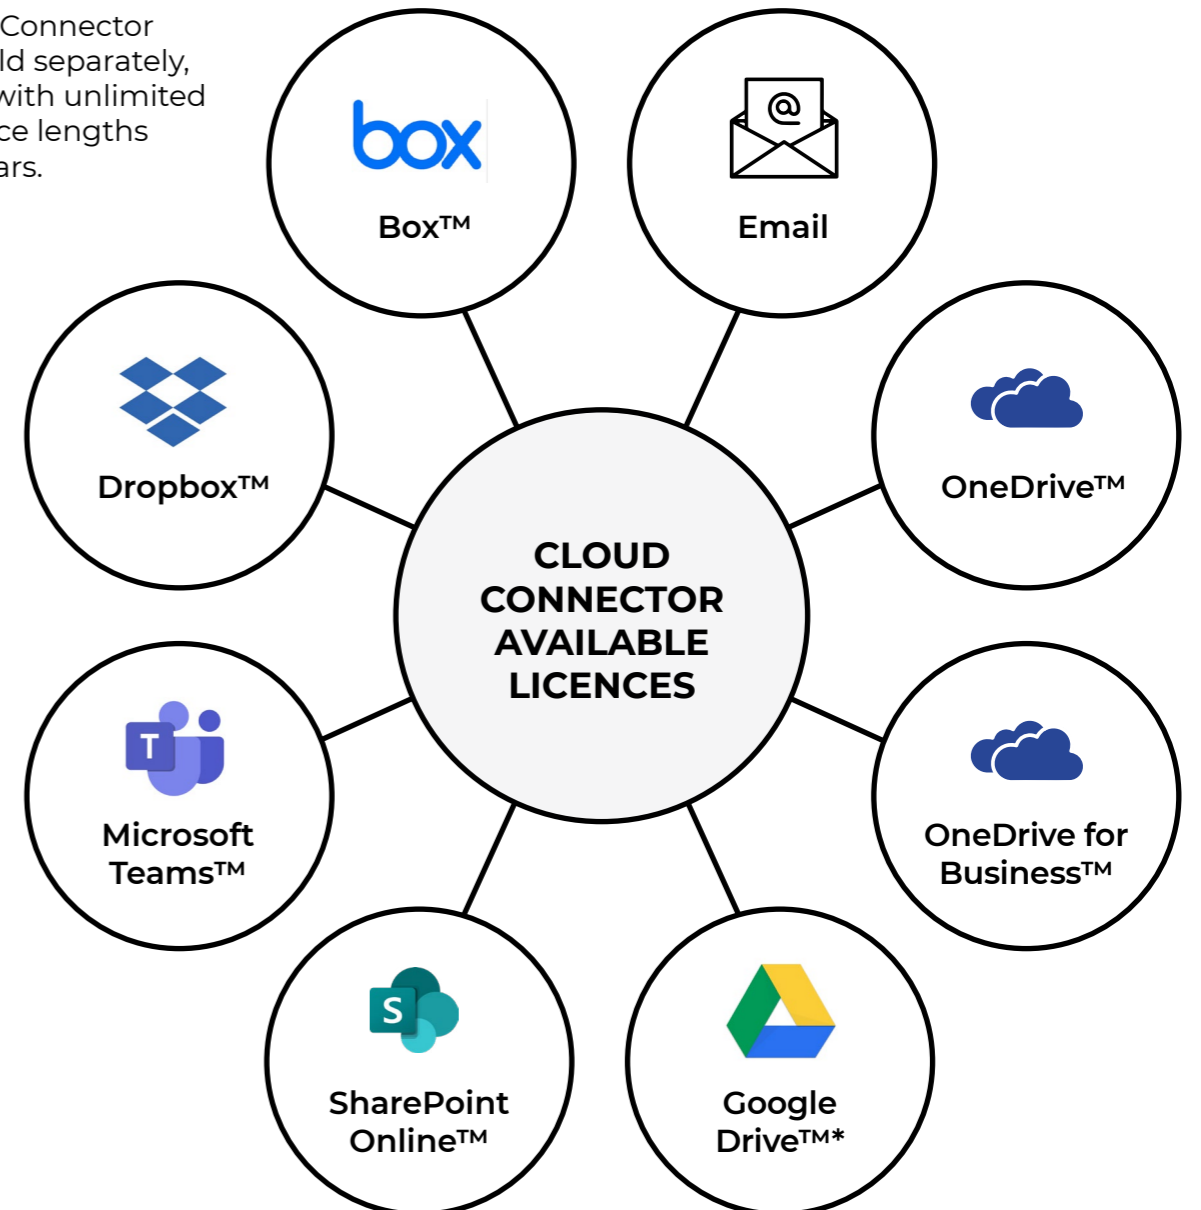

STRONGER SECURITY

- Secure print and scan with individual PIN code authentication
- Maximise workflow efficiency without compromising on security

Each Cloud Connector licence is sold separately, per device, with unlimited users. Licence lengths start at 3 years.

*Cloud Connector for Google Drive available in 2024.
