

### colorWAVE T65

Colour printing you can build on

The colorWAVE T-series combines proven technology with our latest innovations in product design and controller technology to offer you easy, highly productive colour printing of technical drawings and designs with IT security features and support for your sustainable business initiatives for the years ahead.

#### T-series benefits for you

- Durable colour printer Businesses run better with peace of mind. The colorWAVE T-series is built for reliability and uptime, without the burden of daily maintenance.
- Professional design philosophy We have led architects, designers and engineers into better ways of printing technical drawings and designs for more than 85 years. We are also one of the world's leading manufacturing companies, with vast experience in design and engineering.
- Productive ease of use

The colorWAVE T-series provides productive ease of use for almost every task, from a quick print to complex jobs and document sets. Together with the PRISMA Tech Suite, it's colour printing you can build on for the years ahead.

Streamlined workflow

We are not only one of the market leaders in high-performance printers. We are also a well-known developer of controllers and workflow software that gives architects, designers and engineers the tools they need to do the job.

IT security features

More than ever, you need to protect your IT infrastructure and valuable data assets against unauthorised access. With multiple layers of security features, the colorWAVE T-series is a printer you can build on with peace of mind for the years ahead.

Support of your sustainable business initiatives

The colorWAVE T-series brings you compact, quiet, ergonomic printing. It's a colour printing system you can build on for the years ahead to support your sustainable business initiatives.

### **One-stop shop**

With the colorWAVE T-series, our account professionals help you configure a fully integrated, large-format solution, with hardware, software, supplies and service from a single supplier.

# **TECHNICAL SPECIFICATIONS**

	-		
STANDARD SYSTEM CONFIGURATION		Roll core diameter	3 in and 2 in cores (media on 2 in core to the external output not to the Top Delivery Tray)
4 Roll printing system	Productive Large Format Colour printer with	D. H. Constant	Media loose on core
	ClearConnect multi-touch user panel	Roll diameter	Up to 180 mm; 7.1 in
Applications	Colour and B&W Technical drawings, Maps, unfolded and folded, POP/POS posters, Graphic Arts applications like	Roll weight	Up to 20 kg
	posters, wallpapers, banners, wrapping paper, fine art	Minimum printed length Maximum printed length	210 mm; 8,5 in 200 m; 656 ft
Stacking systems	Integrated Top Delivery Tray, up to 90 sheets capacity	Maximum printed length Media type	
Multi-touch user interface	ClearConnect multi-touch user interface: Consistent look and feel from every angle of your workflow, standard including Smart Inbox, SmartAccess, printer status and Live Preview	Media type	Uncoated papers, uncoated tyvek, self-adhesive papers, self-adhesive coated vinyls, blue back papers, polypropylene films, polyester films, light block films, backlit films, canvas, soft banner, instant dry photo paper, coated & uncoated
Starter kit (separate order)	4x 500g toner cartridges (Cyan, Magenta, Yellow, Black). 1 roll of 90 grams paper is included in the printer		non-woven wall paper (fleece), wall paper, several natural and synthetic textiles
OPTIONAL SYSTEM CONFIGURATIONS		Custom media	Custom media support, including automatic calibration, no tooling and training required
Roll media capacity upgrade	Additional 3rd drawer to increase media capacity from 4 to 6 media rolls (800 to 1200 m1, 850 to 1280 m2)	Automatic roll media handling	Automatic width detection     Automatic roll media selection for optimised productivity     and media saving, based on drawing size, media type, roll
Office space saving scanning system	Scanner Express with Image Logic technology, integrated CIS scanner positioned on top of the printer to save office space		width and finishing • Automatic roll switching when end of roll is reached
Removable hard disks	For secure environments, hard disks can be removed from the printer system to secure data integrity		<ul> <li>Automated media switch, to guide the media to the top delivery tray or back output depending on the user application</li> </ul>
Operator Attention light	For productive environments, the status of the machine is visable from a distance		<ul> <li>Automatic Remaining media detection, indicating remaining media per media roll</li> <li>Automatic rotation and alignment for folding</li> </ul>
TECHNOLOGY			Automatic legend detection
Imaging technology	CrystalPoint Technology. The printer contains 8 Imaging		MediaSense Technology; automatic media thickness measurement and printing height adjustment
	Devices, 2 for each colour (CMYK). Clean toner refill system, no toner dust, no residue.	ClearConnect USER	
Automated from stimus	No ozone emission • PAINT technology (Piezo Acoustic Integrated Nozzle	INTERFACE	
Automated functions	Technology) applies sophisticated diagnostics,	Description Size (WxHxD)	ClearConnect multi-touch user panel 300 x 220 x 40 mm; 11.8 x 8.7 x 1.6 in. Touch screen: 10.4 in
	maintenance and error corrections to overcome common nozzle issues that occur with conventional inkjet printers	Resolution	800 x 600 pixels (SVGA)
	even while printing • MediaSense technology automatically adjusts the optimum	Number of colours	16.2 Million
	print gap between the media and the Imaging Device for every type of media. This allows you to print on thicker	Technology	Projective capacitive touch
	media (up to 800 μm/ 30 mil) • Automated print language recognition	Operation	3 hard buttons: [Wake-up], [Stop, interrupt, abort], [Home]
	Automated media selection     Automatic Remaining media detection, indicating		Multi-touch functions: tap, double tap, pinch, 2 finger pinch, swipe, flick and spread
	remaining media per media roll • Automated media saving function • Automated media switch	Interface design	Distinctive user interface with intuitive navigation and clearly defined levels of operation
	<ul> <li>Automated print mode selection (Print Assistant), suggests the right print mode for your job</li> </ul>	Features	View optimisation: Tilt (-4 to +45 degrees) and turn (-45 to +180 degrees). Status light (red, orange, green). USB 2.0
Toner	colorWAVE T65 and colorWAVE+ TonerPearls (in combination with App+ license); Cyan, Magenta, Yellow and Black, 500g/ cartridge		interface with indication light. Switch instantly between 2 languages, select from 19 languages; Czech, Danish, German, English, Spanish, Finnish, French, Hungarian, Italian, Japanese, Korean, Dutch, Norwegian, Polish, Portuguese,
PRODUCTIVITY			Russian, Swedish, Chinese simplified, Chinese-traditional

# **COLORWAVE T65**

	I.		I
SMARTshield INTEGRATED SECURITY		WORKFLOW SOFTWARE PRISMA TECH SUITE	Create breathtaking applications while staying in control of
Safe submission	Access Control (IP filtering), IPSec, HTTPS, IP4 and IP6 compatible, password data protection		your printer with powerful workflow solutions that are designed to help you with your day to day print operation
Safe storage and removal	Secure file erase, E-shredding, Secure boot, Data encryption with Embedded FIPS 140-2 Certified Trusted Platform	PRISMAproduce Tech	Compose, manage and submit complex sets of documents from your web browser to one or more printers at a time
	Module 2 (TPM), BitLocker 256 AES encryption, Optional Removable hard disks and optional HDD's destruction at the end of the contract	PRISMAlytics Dashboard	Get comprehensive overviews to monitor and maximise the production of your print operations with this secure cloud- based management information tool
Authorisation	User authentication for access on the ClearConnect user panel/ WebTools Express (via LDAP/Active Directory credentials and optional via Access card), Print file protection via pincode or password, Possible to disable ports and	PRISMAlytics Accounting	Capture data for cost charging and usage monitoring with this cloud-based reporting tool
	interfaces, Standard uniFLOW embedded applet installed on the controller, for integration in uniFLOW please contact your Canon representative	PRISMAservice	Maximise your uptime with our CARE methodology: Collect data remotely, Analyze the data, Repair printers via remote assistance and Evaluate for continuous improvement
Hack prevention	IEEE 802.1x Authentication, SNMP v3, Audit logging, Configure HTTPS Certificates. TLS 1.2 strong cipher (Possible to disable TLSI.0 and 1.1 protocols), Possible to disable unused	DRIVERS, SUBMITTERS, USER PANEL	
	protocols, Security Event Logging, Optional Trellix antivirus software, Optional Trellix Application Control (whitelisting)	Drivers	Easy to use printer drivers that allow you to effectively and efficiently print from any application. Create, retrieve and/or
Secure now and in the future	Windows 10 Enterprise LTSC 2021 controller operating system with Microsoft security patches up to 2032. SMARTshield CIP (Continous Improvement Process) including: Automatic Microsoft security patch update		send jobs from: • Driver Select for Microsoft Windows • Driver Express for Adobe PostScript 3 for Microsoft Windows or Apple OS
	services with notifications and scheduling, Continuous monitoring of vulnerabilities by Canon (https://psirt.canon), Annual external security audit program based on the OWASP top 10 methology (https://owasp.org), Monitoring of new legislation and high impact breaches	Job submission	<ul> <li>Publisher Mobile - Submit print jobs via your mobile phone app supporting IOS and Android</li> <li>Publisher Express - Easily submit your print jobs via the web independent of your web browser</li> <li>The color/WAVE T-series include RIP Support (e.g. Onyx Thrive)</li> </ul>
SCANNER EXPRESS		ClearConnect User Panel	Print, Copy, Scan is as easy as using a tablet with the
(optional) Description	Integrated Contact Image Sensor (CIS) Colour scanner with Image Logic technology		multi-touch user panel. Pull up a document from your Smart Inbox, USB device or external locations. Zoom and pan to different areas - even preview live while scanning or copying to avoid errors
Scan resolution	600 x 600 dpi	CONTROLLER WORKFLOW	
Scan speed	15.2 m/min Black & white scanning 5.0 m/min Colour scanning	Open architecture	Integrate smoothly into print management applications such as uniFLOW thanks to our POWERsync' controller
Scan formats	TIFF, PDF, PDF/A, JPEG, CALS, multi-page PDF, multi-page PDF/A and multi-page TIFF	Smart inbox	Personalised Smart Inbox with history, manage queue, manage history, WebTools Express, secured controller access
Scan templates	Extensive number of scan templates to standardise common scan settings and destinations	Queue management	Spool memory provides a queuing system for print and copy jobs. This enables multiple users to send print and copy jobs
Scan protocol	FTP, SMB, scan to cloud (push to WebDAV based clouds)		at the same time. Customise priority settings for copy and print jobs in the queue. The Job Queue overview gives access
Scan destination	Local USB flash drive, FTP, SMB, Smart Inbox on Controller, Optional Local Home folder (LDAP), mobile device via Publisher Express, WebDAV Clouds		to job names, owners and status including required media. Jobs can be paused, deleted, and placed on top of the queue
Scan naming	Preset naming with auto numbering for productive	Print management	View the counter history at preferred time periods, per job or total overview in WebTools Express. View, create, edit and
Original width	scanning or file name on the ClearConnect user panel 208 mm - 965 mm; 8.2 in - 38 in, automatic width detection		delete stamp templates. Standard uniFLOW support installed on controller, login your personal uniFLOW Queue on the ClearConnect User interface. Supports accounting, manual authentication, card readers, and contactless card
Original length	208 mm - 16000 mm; 8.2 in- 630 in, automatic length detection	Mobile and cloud	readers. Scan to email and scan to cloud is supported. Print from and scan to the cloud application of your choice.
Effective scan width	932 mm		With the help of mobile applications such as Publisher Mobile the primer can be easily accessed and used from any
Original thickness	Maximum 0.8 mm; 0.03 in (non-rigid documents)		location
Zoom (copy)	1:1, Scale to media size, Scale to standard format, Custom: 10 - 1000%	Device management	WebTools Express provide administrators the tools to manage the device remotely via the web: e.g. check printer status, Remote ON function, ink/toner/remaining media
Original types presets	Blueprint, Coloured original, Dark original, Folded lines/text, Lines/text standard, Lines/text draft, Photo, Map, Artwork		status, define default settings for print, copy and scan, define access, security, accounting, remote shutdown, software update and restart, power on/off timer, system behaviour,
Size scanner (WxDxH)	1097 x 308 x 140 mm; 43 x 12 x 5.5 in		queue management, license management, view, create, edit and delete stamp templates etc
Weight scanner	25 kg; 55 lbs	PERIPHERALS (optional)	Folder Express 3000, Folder Express 3001, Folder Express 3011,
Sound power level	Standby and sleep: 4.7 B(A)		Folder Professional 6011, Folder Professional 6013, Stacker Select, Scanner Professional II
Sound pressure level	Print mode: 6.9 B(A) Standby and sleep: 36 dB		
	Print mode: 57 dB	FOOTNOTES:	D size (34 x 22 in) / A1 size (841 x 594 mm)
Ozone concentration Heat emission	Zero Ready: 215 W; Active: 325 W	2	E size (44 x 34 in) / A0 size (1189x 841 mm)
Operating temperature	15 – 35 °C (recommended: 20 – 27 °C); 59 - 95 °F (recommended: 68 - 81 °F)	3	1 Al landscape print to back output, in fastest print mode, from ready mode
Operating humidity	20 – 80% RH (recommended: 30 – 60% RH)	4	l copy made in Al landscape. Print to back output, in fastest print mode, background compensation off, from ready mode
Power requirements	100 - 240 V; 50/60Hz	5	Weight includes 2 <sup>nd</sup> drawer (separately packed)
Power consumption	Sleep mode: <2.5 W Ready mode: 215 W Active mode: 325 W	6	Optional Based on current third party support
Safety/EMC & environmental certificates	CE, TÜV GS, cetecom advanced, c-UL-US, CB, RCM, ENERGY STAR 3.0, FEMP, EPEAT, CCC, EAC, FCC Class A, VCCI Class A, RoHS, Greenguard Gold	8	Excluding cable/chain and mounting material
Earthquake provision <sup>8</sup>	Secure the printer against moving or tilting during an earthquake. This provision enables the user to secure the printer to a sturdy element of the building		Adobe and Postscript are either registered trademarks or trademarks of Adobe Systems Inc. in the United States and/or other countries; Microsoft and Windows are registered trademarks of the Microsoft group of companies; Apple
Recyclables	Printer: made of steel and highly recyclable plastics, min 86% of the engine can either be upcycled or recycled. Remaining 14% are non toxic waste. Toner: cartridge packaging reused as maintenance cassette Prints: Deinkability certificate		licensed the "iOS" trademark from Cisco. IOS is a trademark or registered trademark of Cisco in the United States and other countries and is used under license.
Second life program	Compatibility with selected legacy scanners, folders and stackers
