A Licensee must have the current version of the Software in order to purchase Maintenance and additional software licenses. NETIKUS is only obligated to maintain and support the then most-current release of the Software. It is the responsibility of Licensee to keep its computer hardware current with the latest release of the Software. Licensee acknowledges that use of Software Upgrades or Software Updates may require new hardware and/or third party software and/or upgrades.

This Agreement does not cover any Software that has been modified, amended, or deleted by a party other than NETIKUS.

The duration of this Software Maintenance Plan shall be for a period of twelve (12) months from the date of the underlying license agreement between Licensee and LICENSOR.

Availability of software updates and software upgrades are published on the product

web site at http://www.eventsentry.com/downloads/version-history.

It is NETIKUS' policy to utilize the Internet for software distribution. Licensees requiring CD-media and/or hard copies of documentation will be responsible for CD-media, hard copies of documentation, and shipping costs. Software Updates and Upgrades are made available to Licensee on NETIKUS' Web site. The license key file issued to Licensee contains information about the Software Maintenance Plan and should be utilized when installing Software Updates and Upgrades.

All Software Updates and Upgrades provided, including documentation and program materials, are subject to this Agreement and the applicable License Agreement.

MAINTENANCE RENEWAL. A Software Maintenance renewal reminder will be sent electronically to Licensee thirty (30) days prior to Maintenance expiration. The Renewal reminder will include instructions on how to renew maintenance on-line. This Software Maintenance Plan will be considered renewed once a purchase order has been issued or payment is received. If Maintenance has not been renewed, another Software Maintenance renewal reminder will be sent on the expiration date and again thirty (30) days after the expiration date. Maintenance will be terminated if a purchase order or a payment is not received on or before the expiration date. This limited warranty is void if failure of the Software or hardware has resulted from accident, abuse, or misapplication. Any replacement Software will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer.

No waiver of any breach hereof shall be held to be a waiver of any other or subsequent breach.
