

Kuidas esitada taotlus Remondiks (riike tootel) või Hoolduseks (rutiinne puhastus ja kontroll või hooldus).

1. Alustage protsessi.

Minge jaotisse **TUGI** ja valige toode , mida te sooviksite saata hooldusse ja klõpsake „**Tellige hooldus**“ , kui see on rutiinne puhastus ja kontroll või hooldus, või „**Tellige remont**“, kui see on vigane toode.

Palun hoolikalt kontrollige riiki, kus te asute **praegusel hetkel** ja oma toodet saadate. See võib olla erinev teie vaike riigi ärikontost.

4. Valige hooldus, mida te vajate.

REMONDI tellimiseks täitke kõik väljad ja valige suvandid, mis kirjeldavad probleemi võimalikult täpselt. Seejärel valige taotluse tüübiks „Tasuline remont“ või „Garantii“, kui tootele kehtib endiselt garantii.

Teie CPS-i allahindlust rakendatakse automaatselt iga teie ärikontol registreeritud toote remonditaotlusele.
