imageRUNNER ADVANCE C3530i ES

BOOST SUSTAINABILITY AND PRODUCTIVITY

HIGH-QUALITY REMANUFACTURED DEVICES SUITABLE FOR ANY OFFICE ENVIRONMENT

Canon's latest generation of remanufactured multifunction printers – imageRUNNER ADVANCE ES range – brings together award-winning technologies and renewable materials to improve devices longevity and dramatically reduce their environmental impact.

Meeting high standards for quality and output at every step, the imageRUNNER ADVANCE C3530i ES is designed to decrease resource consumption without compromising on business productivity, efficiency and security.

Designed to seamlessly integrate into hybrid working environments with support for cloud connectivity, centralised print management and remote diagnostics, the imageRUNNER ADVANCE C3530i ES is the perfect solution for an environmentally conscious business balancing social responsibility credentials with excellent business function.

Canon

imageRUNNER ADVANCE C3530i ES

PRODUCTIVITY

- Print documents quickly with fast print speeds of up to 30ppm
- Scan at speeds of up to 70ipm
- Automatically remove blank pages when scanning
- Enable flexible hybrid working and minimise device interaction with continuous user experience through the Canon PRINT Business app
- Print a range of media including thin paper, envelopes and coated paper
- Meet large printing demands with a high-capacity paper input at 2,300 sheets

SUSTAINABILITY

- Remanufactured from minimum of 90% renewed materials to minimise impact on the environment in production
- Innovative features, such as low-melting-point toner help lower energy consumption, which can be as much as only 0.8W in sleep mode
- Editable print settings at device-level help to reduce paper and toner wastage
- Minimise waste with default 2-sided printing, secure printing, and the ability to hold print jobs, preview them and change print settings at the device, achieving the desired results at the first time of printing

USER EXPERIENCE

- 10.1" intuitive touchscreen with smartphone-like usability, tailored to individual user's needs
- Simplify print processes with personalised one-touch utilising integrated job workflows
- Support hybrid working and remote workforce collaboration with advanced mobile solutions and easy integration with cloud services
- Enable easy guest printing with Direct Wi-Fi Connection
- Quiet operation minimises office environment interruptions

CLOUD CONNECTIVITY

- Experience easy access to documents, centralised device management and secure user authentication protocols with optional Canon cloud solutions
- Access and print documents via mobile applications such as AirPrint and Mopria
- Accelerate your document digitisation with automated workflows connected to solutions such as OneDrive, SharePoint, Concur, DropBox and Microsoft Teams (requires optional uniFLOW Online)

SECURITY

- Your documents, devices and network are protected with 360-degree security
- Device based or cloud based user authentication helps control access to confidential information
- Secure Print and Mail Box Password protection, plus data encryption further enhance document confidentiality
- Security policy settings can be configured and controlled from a central location, and exported to other supported devices
- Mitigate the risk associated with the governance of sensitive information and data privacy with Data Loss Prevention and auditing of all functions through optional uniFLOWOnline
- IPsec, port filtering capabilities, and SSL technology helps protect your network and all the connected devices
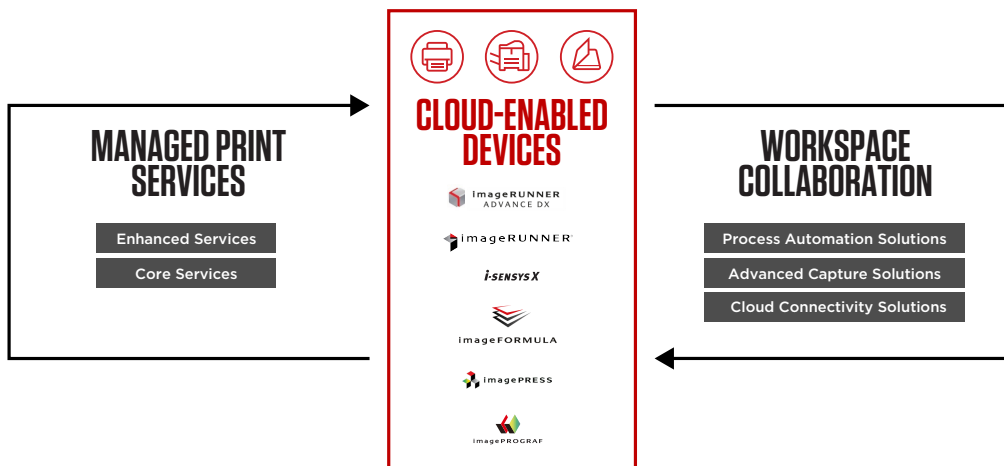

CONTROL AND MAINTENANCE

- Seamlessly integrate within existing fleet of devices and centrally manage device settings and usage through advanced print management solutions
- Automatic firmware updates keep devices up to date with the latest technology features
- Reduce downtime and technician visits by using remote diagnostics for proactive maintenance and rapid fixes
- Maximise device uptime and optimise consumables with automated meter readings and consumables monitoring from e-Maintenance

QUICK FACTS

- **Type:** A3 Colour Multifunctional
- **Control panel:** 10.1" TFT LCD WSVGA Colour Flat panel
- **Storage:** 320GB HDD
- **Print speed:** 30ppm (A4)
- **Scan speed:** 70ipm (A4)
- **Print Resolution:** 1200 x 1200 dpi

- **Mobile and cloud printing:** AirPrint, Mopria, Canon cloud solutions and third party storage providers uniFLOW Online
- **Connectivity:** Network, Wi-Fi, USB and QR Code
- **Security:** Encrypted Secure Print, Hard Disc & Mail Box Password Protection, TLS 1.3
- **Paper Input Capacity (Std):** 2,300 sheets

TAILORED SOLUTIONS TO MEET EVERY CHALLENGE
