---

## Quick and easy staple removal

Align the staple with the LED light for fast and efficient staple removal with easy one-touch operation.

1 step

2 step

3 step

## Clean removal

Reduce document damage with neat and clean staple removal. Remaining staple marks are small with no additional damage or tearing to the documents.\*

\*Clean removal may be affected by how close the staple is to the edge of the document, the paper quality of the document, and the condition of the staple.

## Heavy duty and flexible

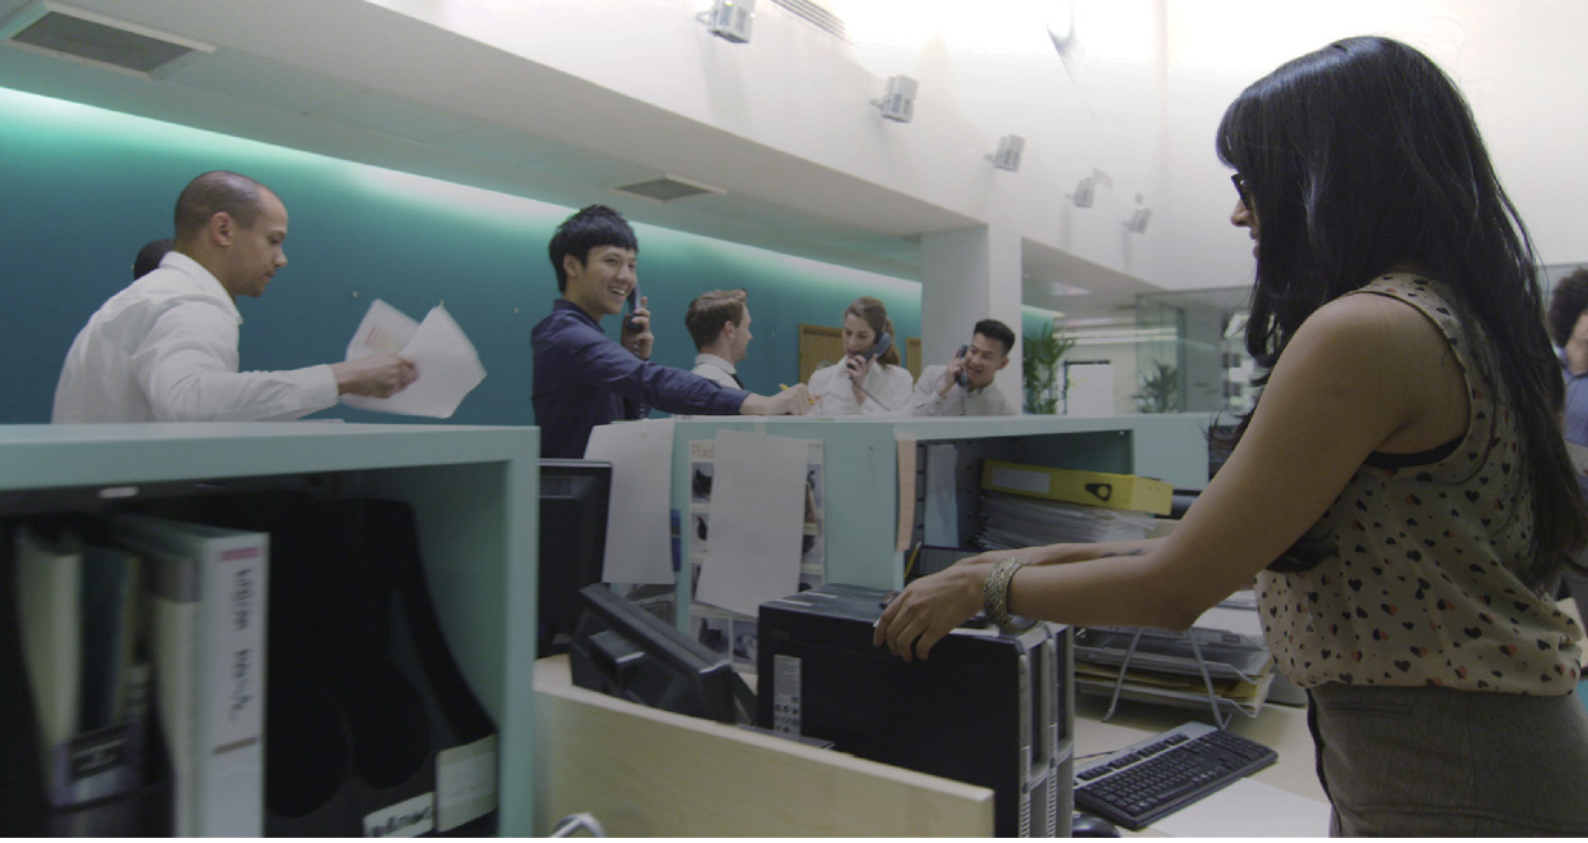

Removing staples from a batch of documents up to 30 sheets and support various standard size staples

## Convenient staple bin

A blinking indicator light will notify the user when staple bin is full so it can be emptied.

## Instant Staple Remover with Canon Production Scanners

Save time by accelerating your scan workflows

The Instant Staple Remover is the perfect accessory for Canon's A3 production scanners, driving increased, high-volume scan productivity in centralised digital mailrooms, BPOs and scanning bureaus. Use the Instant Staple Remover-A1 to efficiently remove staples from your documents before scanning, streamlining pre-production for faster and more efficient document digitisation.

Optimise your scan workflows with the Instant Staple Remover and Canon's imageFORMULA Document Scanners.
