

**imageRUNNER ADVANCE DX 8700 Series**

# CONNECT SECURELY, TRANSFORM DIGITALLY

INNOVATIVE SCAN TECHNOLOGY AND SMART SOFTWARE WORK HAND-IN-HAND

The future of business is digital. Canon imageRUNNER ADVANCE DX is a new generation of smart multifunction devices, designed to support and accelerate every step of your digital transformation. Built with Canon's imageRUNNER ADVANCE DNA, state-of-the-art technology and software work hand-in-hand to digitise, automate and optimise content-centric workflows.

Canon's imageRUNNER ADVANCE DX 8700 Series offers smart and secure A3 mono production machines, maximising workflow efficiency without compromising on security. A range of finishing solutions for every print environment and high resolution scanning with state-of-the-art technology deliver professional outputs, every time.

# imageRUNNER ADVANCE DX 8700 Series

## PRODUCTIVITY

- Fast, high-quality printing and scanning, with expansive connectivity options
- Automated scan, store and search workflows boost efficiency and reduce human error
- Device management tools such as iWMC provide centralised control over the device fleet and print management
- Automatic removal of blank pages when scanning minimises process times
- Reusable formats, automatic file names from barcode data, Office format conversions, cloud and device OCR with IRIS enable easy handling and fast document processing
- Edit print settings at device level for accurate scan output

## IMAGE QUALITY

- Maximum 1,200 x 1,200 print resolution produces clear and accurate images
- Print features include the following: Secure Watermark, Header/Footer, Page Layout, Two-sided Printing, Mixed Paper Sizes/Orientations and Poster printing.
- Image processing technology uses sensors to digitally correct skewed images for high accuracy

## SCAN QUALITY

- Fast scanning, with speeds of 270 ipm (A3), and the ability to scan to the network, USB, to a mobile device or to the cloud
- Scan up to 250 sheets with the single-pass Duplexing Automatic Document Feeder, capable of one and two-sided scanning of documents up to 220gsm

- Antifouling coated glass provides stain-resistant, anti-streak scanning every time for reduced rescanning
- A scan resolution of 600 x 600 means documents are captured in pinpoint detail

## CLOUD CONNECTIVITY

- Scan and print documents from any location with enhanced cloud connectivity, offered with re-usable print formats for ease of use
- Cloud-based software-as-standard uniFLOW Online Express offers a single integrated solution to enhance device security and simplify print management
- Canon's MEAP platform optimises processes by integrating with document capture and output management solutions and various applications such as uniFLOW Online\*, AirPrint, Mopria, Google Cloud Print and Canon PRINT Business

## PROFESSIONAL FINISHING CAPABILITIES

- A range of professional finishing solutions for every print environment
- Options include: Collate, Group, Offset, Staple, Saddle Stitch, Hole Punch, Eco Staple, Staple On Demand, Document Insertion, Z-fold, Half-fold, C-fold, Accordion-Z fold, Double Parallel-Fold and Trimming
- Enhanced finishing capabilities make it a perfect preprint device for CRD or GA environments

## SECURITY

- Ensure information confidentiality and security across the network with IPsec and firewall functionality
- Set up device authentication, two-factor authentication and device function restrictions for both device and cloud-based security measures
- Encrypted PDF scanning ensures document security during scanning process
- Upgrade to uniFLOW Online\* for enhanced secure printing, mobile printing, and guest printing from any device
- Combination of Verify system at start up and McAfee Embedded Control Software ensures device functionality is never compromised from the tampering of firmware and applications, all in real-time

## SUSTAINABILITY

- Edit print settings at device-level for accurate scan output
- Quiet operation and reduced paper hitting sounds during scanning is enabled thanks to technologies such as digital registration and a smooth ADF internal structure
- Automated and digitised processes minimise paper usage for a paperless office
- Reduce waste with high-quality scanning, including digital deskewing and advanced stain-resistant glass

\*uniFLOW Online is available as a Device Based Cloud Subscription for Document Output and Capture Management. Based on business needs, users can upgrade to uniFLOW Online to unlock a range of advanced benefits, including: Increased security with user authentication methods. Personalised workflows to enhance productivity. Reduced wastage by releasing jobs at the device. An intuitive cloud dashboard to leverage real-time data. Greater control over access and usage to reduce print costs.

## QUICK FACTS

- **Format:** Mono A3
- **Paper Supply Capacity (Max):** 8,860 sheets
- **Warm-up time:** 4 seconds or less
- **Finishing Capabilities:** Collate, Group, Offset, Staple, Saddle Stitch, Hole Punch, Eco Staple, Staple On Demand, Document Insertion, Z-fold, Half-fold, C-fold, Accordion-Z fold, Double Parallel-fold, Trimming
- **DADF Capacity:** 250 sheets
- **Supported File Types:** PDF, EPS, TIFF, JPEG, and XPS
- **Optional:** EFI Fiery embedded
- **Print speed:** 86-105 ppm (A4)
- **Scan Speed:** 270 ipm (A3)
- **Print Languages:** UFR II, PCL 6, Adobe® PostScript 3™ (Optional)
- **Print Resolution:** 1,200 x 1,200

- Efficient workflow automation means documents are intuitively scanned, searched and stored with applications including OneDrive, SharePoint, Concur and Dropbox
- Accurate, high-speed scanning is facilitated by Canon's innovative new paper feeding mechanism and stain-resistant glass
- Enhanced cloud connectivity enables collaborative document access from anywhere with re-usable formats for easy handling
- McAfee Embedded Control software alongside with other security features offer complete peace of mind and a 360° protection covering: document, network and device
- Simplified print management is enabled with centrally-managed print settings and device usage analysis, provided through native uniFLOW Online Express
- Quiet ADF operation, low energy consumption and reduced emissions lower environmental impacts

## TAILORED SOLUTIONS TO MEET EVERY CHALLENGE

### CORE

Perform routine office operations safely and with ease, with minimum hardware, embedded software including UFOE and services offering complete device maintenance and support.

### HARDWARE

### SERVICES

### SOFTWARE

### BESPOKE

Choose tailored solutions for any business need by removing print management burdens. Consult with Canon experts to manage your extensive requirements, with bespoke solutions and Managed Services options.

### ENHANCED

Boost performance with enhancements such as finishing options and security add-ons e.g. Data Removal Service. Choose solutions to expand cloud capabilities with uniFLOW Online including advanced scanning directly with your Google account.
