

SIX REASONS WHY CANON'S MPS IS RIGHT FOR YOUR BUSINESS

PEOPLE.
PARTNERSHIP.
EXPERTISE.

The complexity of managing print devices and the strain it can put on resources can be removed with Managed Print Services. MPS increases efficiency by applying our expertise giving you time for what matters most to your business.

1. SIMPLICITY

MPS **takes away the burden** of managing your print and document infrastructure. It also **gives you the visibility** of all your connected devices through our dashboard, so you can make informed decisions for the future of your business.

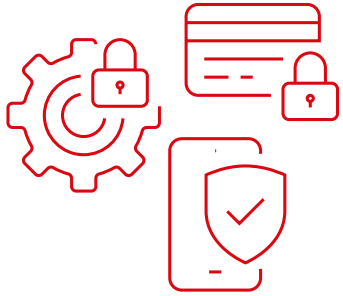

2. SAVINGS

Print and document management is time-consuming and expensive. MPS **reduces operational costs** with improved monitoring and proactive print environment optimisation **giving you time back** to focus on what matters most.

3. ONE EXPERT

A **dedicated specialist** monitors your devices using best-in-class tools to optimise them. While providing you monthly reports and health-checks, they will get to know your business and work towards creating a **strong partnership**.

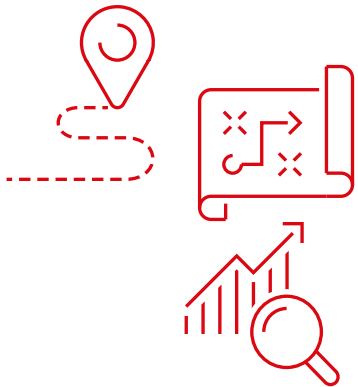

4. SECURITY

Secure-by-design doesn't only apply to Canon's devices and software. With MPS, your entire infrastructure is **protected with continuous landscape monitoring**, insights into potential security risks and auditing for vulnerabilities.

5. SUSTAINABILITY

MPS gives you a view of your business's environmental impact including analyses of carbon emissions and paper usage. A print policy outlines how your business can **minimise print-related waste and energy consumption** to support your sustainability initiatives.

6. FUTURE-PROOF

With its flexible design, MPS can be delivered to any type of organisation to support remote and mobile workers in coworking spaces. With latest solutions for document management, you can be one step further on **your digital transformation journey**.
